Proactively, we find solutions that best achieve our clients' goals. We believe lasting relationships are the lifeblood of our business.

## MATTING PROVIDES PROTECTION FOR:

- ◆ The Environment
- ◆ Equipment
- ◆ Your Workforce
- ◆ Infrastructure
- ◆ Containment Layers

## MATTING CREATES:

- ◆ Usable Work Surfaces
- ◆ Increased Efficiencies
- ◆ Less Down Time
- ◆ Stability for Lifts
- ◆ Temporary Roads
- ◆ Temporary Bridges

## MATTING HELPS PREVENT:

- ◆ Work Delays
- ◆ Damage to Equipment
- ◆ Injury to Personnel
- ◆ Remediation Needs

# FEATURES

- ✓ System7™ is designed to be easily connected to one of the most common mats in the industry and to any other mat systems with simple cross over sections.
- ✓ Comes standard with UV protection and anti-static additive package.
- ✓ Quick & Simple Installation with Minimal Training.
- ✓ Can be 100% Recycled with Refunded Value.
- ✓ Will Not Absorb Contaminants.
- ✓ Long Lasting: 10-15 Year Life Cycle.
- ✓ The internal design of System7™ is compartmentalized, so if you ever do puncture/gouge your mat and water gets inside the mat (which happens to all mats), the water will only be able to penetrate that specific area, and not throughout the rest of the entire mat.
- ✓ From the internal ribbing and core of System7™, the compression strength values are highest in the industry.
- ✓ System7™ gives you the option to choose your own color and/or add your company name and logo.
